Seminar N° 20.38.49

Dear colleague,

As mentioned in our cooperation agreement in the field of education, we regularly offer seminars for teachers of German in our partner regions.

Today, I would like to invite you to nominate up to 3 teachers (general education or vocational training) from schools in your region for the digital summer course 2020. The (new) title of the event is "New ways of learning German in Europe".

It will be a multinational online seminar with participants from our European partner regions, so that the participants will have to use German as their common language. I would be delighted if teachers from your region would register for the Digital Summer Course.

Please inform interested teachers about the application procedure and ask them to register by 10 September 2020 at the latest.

If there are more applications than places available, we will have to select the participants.

Please inform your teachers that you have to register yourself (information is enclosed). Please use the following link to register:

<https://vedab.nibis.de/veran.php?vid=118402>

With kind regards

Torben Kremer
